TERRIBLE DISASTERS of all sorts are becoming so common as not to astonish any one. The world is familiar with the bursting of cannon, the blowing up of steamboats, the murder of wives, deaths by flood, field and fire, and all the thousand forms that casualities now-a-days assume. For years, death by disease has been the most common thing in the world, and men have ceased to be surprised when they hear that their friends have fallen victims. But the astonishment which attends the cures effected by Dr. Peters's celebrated medicated preparations is still as fresh and unbounded as ever. When men see, however, coughs, colds, consumptions, headache, dyspepsia, diarrbeas, ague, and a host of sther diseases cured by his Lozenges—when they see asthma, jaundice, piles, nausea, liver complaint, cholic, dropsy, fevers, &c. &c. &c. &c. &c. ex ex cured by his Pilis, and rheumatism and kindred pains healed at one application by his Plasters, how is it possible their astonishment should cease? These invaluable medicines are for sale at 459 Broadway and 125 Fulton-street.

SARDS'S SARSAPARILLA.—The proprietors submit to the public the following certificate, from a highly respectable source, of a cure made by using their preparation of Sarsaparilla, which cannot but have the effect of placing beyond all doubt the curative powers of this medicine:

"Messrs Sands—Gentlemen: Under a feeling sense of gratitude inherent to us all when suddenly relieved from suffering and disease. I now, as an act of instice due to you.

"Messrs Sands—Gentlemen: Under a teeling sense of gratitude inherent to us all when suddenly relieved from suffering and disease, I now, as an act of justice due to you, and with a view of relieving the afflicted, make known to the world the inestimable benefit I have received from the use of your Sarsaparilla. In the year 1832 I sailed from England in a vessel bound for Quebec, and while on the passage first discovered the disease which after proved to be a sore affliction; and truly I can say, 'from the crown of my head to the sole of my foot there was no soundness in me.' From the time first mentioned down until the present, a period of more than ten years, I have suffered all that human nature was capable of bearing. I have been under the care of the most distinguished physicians both in this country and in England, visited Bath, Cheltenham, Bristol and Gloucester, tried various specifics, among others a large quantity of Swaim's Panacea, used sulphur baths, &c &c. As a last resort I was induced to wrap myself up in tar ointment, keep myself secluded, shunned by all, myself also shunning. I was induced to believe my case a hopeless one. In August last, by the advice of friends, I went to the New-York City Hospital, but was there told that my case was incurable. The disease now enveloped my whole body, rendering me almost helpless; the skin thickened and cracked, and blood and matter ran, and life itself became almost a burden. A tew weeks since I was induced to vour Sarsanarilla by hearing it so highly recommended, cracked, and blood and matter ran, and the itself became ai-most a burden. A tew weeks since I was induced to use your Sarsaparilla by hearing it so highly recommended, having spent near \$3000 without obtaining but little relief. After using it a short time I found myself better, and now, by using six or eight bottles, costing me less than ten dol-iars, I am well! Yes, I certify and declare to the world, that after spending near \$3000 in traveling and doctoring, and suffering more than can be told, I was perfectly cured by using your invaluable preparation of Sarsaparilla; and I now recommend it to all similarly afflicted. Those wish-ing to know farther particulars will find me at my residence.

I now recommend it to all similarly afflicted. Those wishing to know farther particulars will find me at my residence, No 27 Warren-street, N Y, where I shall be happy to communicate any thing in relation to the above cure.

Oh! Noble Power, thy Reign is Here!—Gentlemen OH! Noble Power, thy Reign is Here!—Gentlemen: My wife has been afflicted for the last two or three years with a severe cough, accompanied with great pain and beeding at the lungs—the cough has been so severe at times that during the paroxysmof coughing the blood would fly from her mouth and nostrils. She made trial of number-less remedies, and her physician pronourced her case incurable—but luckily last winter she made use of your invaluable—out luckily last winter she made use of your invaluable Compound Horehound Candy, and the result was such as to leave a happy impression upon her mind of its efficacy and virtues. I am happy to say that fease's Horehound Candy performed a radical cure, when all other attempts failed.

Yours truly and affectionately.

I.T. ONE THOUSAND DOLLARS—An Advertisement headed "An Extraordinary Case," (which statement can be seen at the store of Mr. Burger, 50 Cortlandt-street,) having been inserted in several of the city papers, and as I understand the truth of the matter has been questioned, therefore I offer to bear any gentleman's expenses to this city, convey him to the residence of the person, pay him two dollars per day for his time, and give him one thousand dollars, if he will prove any material part of the statement to be untrue. Any person desirous of testing this matter can, by calling on Mr. Burger, receive satisfactory evidence that the money will be ready. I would here take occasion to state, that the truth of the statements of cures performed by Bristol's Sarsaparilla can be substantiated in every instance. The public will not confound this article with the many articles of Sarsaparilla advertised.

BRATED EMBROCATION. The proprietor, well knowing that no other remedy could be manufactured to equal this, has for a long time ceased to advertise it, during which period hundreds of the afflicted have applied for it, and used it successfully, after the utter failure of the common quack nostrums, which they have been induced to try. The preprietor desires now to inform the public that he has made an arrangement with A. B. & D. SANDS, of No. 79 Fulton-street, corner of Gold-street, by which they have become sole agents for the wholesale and retail sale of the Emcome sole agents for the wholesale and retail sale of the Em-procession, for the city and county of New-York.

Since the introduction of this remedy to the public, various

mpiries have palmed upon the country nostrums, and lo-ions and liniments, and "infallible rheumatic mixtures," all of which are calculated more or less to injure the system, of which are calculated note or less to higher the system, rather than remove any complaint.

In proof of the estimation in which the Embrocation is held by a respectable men in the medical profession, as well as by the thousands of persons who have been effectually cured of Rheumatism, the proprietor has subjoined letters from a few who are well and popularly known to the entire society in New-York, and whose opinions and professional judgement are universally estremed.

BRANDRETH'S PILLS.—The following case is extracted from an anopublished Report of the Philadelphia Agent for 1842:

PILES CURED.

I do hereby certify that for five years past I have been severely afflicted with the Piles and pains in my bowels, which at times entirely prevented me from attending to my business. After trying a number of advertised remedies, among which were four boxes of Indian Pills, from which I never found the smallest relief, neither did I from any other medicine, until I applied to Dr. Brandreth's Pills, which, after a few times using, I found great relief, and by continuing to use two boxes only, the disease is effectually removed, and I now feel as if nothing had happened to me. Should any person wish tob e more fully convinced of my case, I will explain it to them by applying to me.

SABBATH TRACTS.—The Sabbath Tract Society of the City of New-York would call the attention of those interested in the attention of the Sabbath to a series of Tracts they have commenced publishing on this subject. Knowing that the Sabbath is an institution dear to every Christian, and that our hopes for the future are to a considerable extent identified with it, they THIS DAY, Wednesday, August 17th, half past ten o'clock, at No. 72 West Broadway, (formerly Chapel st.) between Duane and Thomas-sts., the large and valuable stock of Dry Goods contained in said store, consisting in part of blue, black, brown, green and mixed Cloths, Cassimeres, Vestings, Sattinets, Gambroons, Merinoes, Bombazines, Lastings, Silk and Cotton Velvet, Silk and Sattins French and English, Box Cotton Velvet, Silk and Sattins ng such a change, abandon the commandment entirely and advocate Sabbath keeping on the ground of mere ex-pediency. Another class, still, declare themselves are free from all obligation to observe a day of rest. In the midst pediency. Another class, sun, declare definisely set the from all obligation to observe a day of rest. In the midst of these conflicting theories, the question is one of vital importance—whence our obligation to observe a Sabbath and what is implied in doing it? Believing that the Sabbatic institution originated in Paradise—that the fourth commandment was a mere rehearsal of it—that it was designed for all mest—that Jesus Christ did not destroy the law nor the prophets—that the Apostles did not change what their Lord left untouched—that, therefore, the seventh day of the week is the Christian Sabbath—and that a universal and sacred regard for the institution can never be secured while men are set free from the binding authority of God's law—the Society has commenced this work, and asks a candid hearing from all who would see the Sabbath 'a delight, the holy of the Lord.'

It is preposed to publish these Tracts in monthly numbers—each number will form a distinct Tract, and contain from 24 to 48 pages. Twelve numbers will be delivered to subscribers free of additional expense for 50 cents. To the trade, or to Societies, or individuals wishing them for distribution, they will be supplied at the rate of 15 pages for one cent.
